

CONTENTS

Section 1: Critical Skills Development and Science Education Programs	1
Adventures in Supercomputing Challenge	3
Developing Information System Careers (DISC)	9
Go Figure! A Celebration of Math	13
High Explosives Training Program	17
Los Alamos Dynamics Summer School	21
Los Alamos Physics Summer School	31
Materials Technology Training Pilot Program	40
Modern <i>f</i> -Element Chemistry	47
Nuclear- and Radiochemistry	54
Section 2: Student Internships and Co-ops	59
Student Programs: Internships and Cooperative Educational Experiences	61
Section 3: Science Education Programs	69
College Co-op Program	71
Fuel Cell Video Documentary	75
GEM Fellowship Program: The National Consortium for Graduate Degrees for Minorities in Engineering and Science, Inc.	78
Hertz Foundation Scholars Program	82
Los Alamos Space Science Outreach Program (LASSO)	87
Northern New Mexico Math and Science Academy	93
The Massachusetts Institute of Technology (MIT) Engineering Internship Program (EIP)	105
Morehouse College Program	107
National Physical Science Consortium (NPSC)	110
Oak Ridge Institute of Science and Education (ORISE)	112
2001 Robotics Competition	114
South Carolina Universities Research and Education Foundation (SCUREF)	117
Teacher Opportunities to Promote Science (TOPS)	119
Section 4: Participant Data	123
List of Acronyms	139

List of Figures

Figure	1.	2001 Awards Day	4
